

# ATHENA

To Whom It May Concern:

RE: Rob Newby

I write this reference letter with absolute pleasure in reference to Rob Newby and the work he is capable of performing. Rob worked on board SY Athena at the end of the season in 2015 while we were docked in Barcelona.

Rob was able to varnish the exterior of the vessel to the highest level as well as numerous interior varnish touch-ups.

Rob is fully versed in the manner in which work on Superyachts need to be carried out. At all times he was professional, well dressed, the work area was clean, and the end result was up to standard.

We will employ Rob's services each and every time we return to the area.

Kind Regards,  
Michael S. Sheridan  
Captain  
SY Athena
